OORPS RAISE FUNDS FOR PURPLE CROSS - Ten members of the Elk Point OORP raised \$2050.05 for the Purple Cross Fund for deaf detection when they took part in the Alberta Elks Walk-a-Thon in St. Paul, May 2. Mary Kinjerski (seated right) received a trophy for the most money raised by an individual lady, bringing in \$1255. The ladies, (back, left to right) Alvina Schuhmacher, Verna Lazicki, Leona Moneta, HRL Stella Blazenko, Adeline Zenko, Lois Sharek, Lois Yaremkevich, (front, left to right) Jean Ference, Mary Kinjerski and (not shown) Irene Pilisko would like to thank all their sponsors for their generosity.

Council starts annexation process from square one

Elk Point Town Council went back to square one with their attempt to annex three parcels of land from the County of St. Paul, after it was discovered that their mid-1997 letter indicating an intent to do so had never been submitted to the Municipal Government Board.

Town Manager Myron Goyan outlined the steps to be followed in the annexation procedure, which include giving written notice to the municipality currently having jurisdiction over the property, to the Municipal Government Board and to the affected landowners. This is followed by a public consultation process, negotiations with the municipality and landowners, and formulation of a report regarding the result of the negotiations.

Mayor Buck moved that the Town apply to annex three parcels, including the Scraba property directly south of town, the Joe Zarowny quarter to the southwest of town, and the Elk Point Recreation Park

property which is owned by the Town but is still part of the County. Buck cited as reasons for the annexation, the need for more large parcels of commercial land, the ease of servicing the Zarowny property for both residential and commercial use, and the need to link the Recreation Park quarter with the town.

The Recreation Park was also the subject of several other items on Council's May 11 agenda. Michelle Anton of the Elk Point Soccer Club attended the meeting to discuss the possibility of "getting the wheels rolling" on moving the soccer fields, currently located north of the arena, to the park. Space has been tentatively allocated for this use, but development could involve problems with rocks and the lack of water for irrigation. Still, Mayor Buck says the Town wants to utilize the space to best serve the needs of the community. Ms Anton will check on the size of area needed, and the Town crew will be asked to measure the site available.

Fencing for the Recreation Park at the cost of \$3500 was approved, with funds coming from the park's dwindling operations grant. The Town has received an exemption from the County on both municipal and education tax on the Recreation Park property.

Soil tests will also be taken at the Recreation Land with a view to installing a septic field for the ball diamond washrooms. Costs will also be determined for this project.

Other matters coming to Council from the Public Works committee included a problem with storm sewer culverts near the UFA, and development of the lane behind the new Taste Freeze with gravel. A tender received for the old sewer flushing machine was accepted, and Council approved a recommendation to purchase a new cutoff saw for pavement.

Clubs and organizations also received attention from Council. The Pioneer Circle's request for permission to erect

(Continued on Page 2)

Community vision for new millennium topic of Prayer Breakfast

Elk Point's vision of ideal conditions in the community for the new millennium is the topic of the Chamber of Commerce Prayer Breakfast this Saturday at the Seniors' Recreation Centre.

The event, jointly sponsored by the Chamber and the Pioneer Circle, involves members of six local churches, as well as many aspects of community life, and will give those who attend a new perspective on the future of the community as we enter the new millennium. The concept for the breakfast was presented to the Chamber by Sid Holthe, and was developed by Holthe and a committee of three other Chamber members, Holthe, Vic Stepa, Richard Lavoie and Vicki Brooker.

The morning will begin with a prayer and invocation by Marshall Kachmar, followed by a full western buffet breakfast. The program, MC'd by Sid Holthe, begins with a prayer by Mary Bezpalko, scripture reading by Gordon Kuhn and gospel hymns by the Elk Point Christian Community Church choral group.

A panel of speakers will then present their views on ideal conditions for various sectors of the community in the year 2000 and beyond. These will include: Deanna Easthope of FCSS speaking on volunteers, associations and service organizations; Doug Bassett, speaking on sports and recreation; Pastor Jim MacLellan, speaking on churches; Alvina Schuhmacher with her insights on seniors housing; Mayor Ed Buck with a perspective on Town government; Reeve Ray Danyluk looking forward to the future of County government; Barb Kaufman or alternate with a view of future health services; Principal Jim Hawkins on education and further education; Sgt. Peter Sherstan on law and security; and Vicki Brooker with predictions on tourism, commerce and industry.

Chamber president John Yettaw will give closing comments, the morning ending with a prayer and benediction by Ed Poulin.

Tickets are available until noon Friday at the Elk Point Review and Elk Point Insurance and Realty.

Elk Point's Most Wanted goes 3 for 3

By Sgt. Peter Sherstan
Elk Point RCMP

The second edition of Elk Point's Most Wanted, which appeared in the May 5 Elk Point Review, resulted in all three individuals being arrested or turning themselves in to the RCMP.

One suspect turned himself in to the RCMP Bassano Detachment after hearing that he had appeared in the paper. Another was spotted in Elk Point but attempted to elude the police by running out the back door of a local business. He was found hiding in a culvert near the intersection of Highways 646 and 41 after an eagle-eyed Elk Point resident noted the increase in police activity and a suspicious person moving in and out of the culvert to check traffic.

The final suspect was arrested in Frog Lake following a tip received at the Detachment. Police service dog "Hunter" was utilized to apprehend the suspect who fled through the back window of a residence when the police arrived. After failing to heed the officer's commands to stop, the dog was released and was able to "control" the subject until the RCMP members were able to catch up to the fleet footed offender. This individual is now serving seven months in jail.

Council starts annexation process from square one

(Continued from Front Page)

a sign was approved, as was their application for property tax exemption. The Elk Point Elks Lodge and the Curling Club also received approval for tax exemption. The Canada Day Committee was given a \$500 grant, and their suggestion for a ramp to be placed against the curb to facilitate

parade floats leaving the area north of the arena was sent to Public Works to see what they can come up with.

Mayor Buck made several proclamations at the meeting, for Canadian Red Cross Water Safety Week, May 30 to June 7; National Access Week, June 1 to 7, and National Aboriginal Day, June 21.

From the FCSS desk...

Congratulations, Class of '98

By Deanna Easthope
FCSS Director

I realize that the "Class of '98" celebrations were this past weekend, but on behalf of all of us in the community of Elk Point, we wish you the best in all your educational pursuits and your life goals.

Finishing high school brings back a lot of memories of our youth. These are precious years. Family and childhood friends surround you. Dreams are made and the world seems to be at your finger tips. We all wish you well and tell you to go for it.

At the same time, after being in the world for a while, we, the older generation, wish we could share with you the wisdom we have learned since the time we finished high school. But... we know you will be learning it yourself, your way.

That's O.K. And... if you need us, we are here.

Speaking of youth, Thomas Wolfe said something that makes sense about youth and their opportunities in life. He said: "When youth is gone, every man will look back upon that period of his life with infinite sorrow and regret. It is the bitter sorrow and regret of a man who knows that once he had a great talent and wasted it; once he had a great treasure and got nothing from it. It is the sorrow of one who knows that he had strength enough for everything and never used it."

So, just because the celebration for the Class of '98 took place this last weekend, remember that is what it was - "A celebration." Your classes are not finished yet as the final exams are around the corner.

Keep doing your best in your courses.

High school completion is really only the beginning of life. Education is so important and we find that no matter what age we are, all of us need to keep learning to cope with the world we are living in. For example, it was Lyndon B. Johnson who said: "Education is not just a luxury permitting some men an advantage over others. It has become a necessity without which a person is defenceless in this complex, industrialized society. We have truly entered the century of the educated man."

Another thought by an unknown person who stated: "A sophisticated economy, based upon power tools and computers, upon the engineer and the professional, has no room at the bottom for unskilled labor. 'The uneducated need not apply' is the unseen sign on every employment door."

In conclusion, to the Class of '98, the celebration is over, now go for it and do your best in your courses! It matters.

1998 Community Lottery Board GRANT PROGRAM

The Community Lottery Board No. 24 which is comprised of the County of St. Paul No. 19, the Town of St. Paul and the Town of Elk Point is now accepting applications for funding under the provisions of the Community Lottery Board Program.

This program was created to provide funds for the enrichment and enhancement of project-based initiatives by registered non-profit groups / organizations working to make a stronger community. Examples of such groups/organizations include:

View Points

Studying Cuba first hand a great experience

By Kirsten Sanders
Heinsburg

My university semester in Cuba has finished. I arrived in Havana, Cuba, January 17 along with eleven other Canadian students and one English professor. The group studies at the Augustana University College in Camrose. This was the first trip organized by the University for students to live and study in Cuba; I guess you could say we were the breaking crew.

Some of the Canadian students have never travelled outside of Canada and almost all of us have never experienced life in a third world country, let alone a Communist one. Even though we all were treated very well the group was able to experience everything from frequent power outages to the lack of running water in our places of residence. After some negotiations with the University director we were able to move in permanently with families which proved to be one of the highlights of the trip. Our host families were very friendly, honest and caring people. The foreign money we provided them with for our room and board allowed for an added bit of luxury in their lives and mine. My host family was able to afford an electric attachment for the shower head which would heat the water as it ran through. I also know they were able to afford a better variety of food for themselves and me while I lived with them. Through the families, we met and became friends with so many Cuban people, which made for a very tearful goodbye at the new Havana Airport on May 3.

KIRSTEN GOES FARMING-- ploughing with an ox in a tobacco field near Vinales.

We studied at the "Enrique Jose Varona" Pedagogical University in the middle of Havana which was about a 45 minute walk from where I lived. From 9:00 a.m. until about 2:00 p.m. we attended classes consisting of Cuban history and literature, Caribbean Music, Biology, Spanish and Sociology. Through the University we were introduced to fellow students who majored in English. The small group of Canadians and Cubans were able to help each other, the Cubans were happy to practice their English with us and we had the best tour guides and friends students in Havana could ask for.

All the Canadians became acquainted but we were far from experts with the Cuban bus system. We toured around Old Havana, saw the Pope and attended his mass at the Plaza de la Revolucion. We visited an old fortress called El Morro, walked on the Melacon, we also saw market places, beaches, a Chinese street and an aquarium. We attended symphonies, baseball games and even went on a University camping trip with about 9000 other university students. The school organized many field trips for us to see the museums of Cuba's national heroes and the Museum of the Revolution. We went on a field trip to Pinar del Rio where we cut and ate sugar cane and swam with tropical fish and corals. Some of us students also ventured outside of Havana to Veradero in the province of Matanzas. This proved to be a major place of interest for family members and friends who came to visit us, the beach there is one of the best in the world. Vinales is a town in the province of Pinar del Rio which is surrounded by mountains covered in palm trees and has the major industry of tobacco. One of the most unforgettable experiences I had there was ploughing a tobacco field with an ox. I don't think too many people can say they've done that! (Continued on Page 5)

THE ELK POINT HEALTH CENTRE AUXILIARY presided over the laden tables at their annual Tea, Bake Sale and Bazaar on May 8.

Letter to the Editor

Vigilance is needed to prevent fires

Dear Editor:

As a resident whose home borders Whitney Lake Provincial Park, I would like to publicly thank the many folks who quickly responded to a potentially serious brush fire caused by human hands at the intersection of the Laurier Lake and Frog Lake roads. While the several local residents first on the scene worked hard to contain the fire, it was the Whitney Lakes Parks crew who arrived soon with a pump unit tipping the scales, then soon backed up by the Elk Point Fire Department and the Lindbergh Salt Plant, who thoroughly flooded the fire scene. In my opinion, this was a wake-up call, making people fully realize the fire danger we all face because of the drought and heat. We must be vigilant.

If I was able to wave a magic fire-prevention wand, it would swing in fast time over the heads of those whose carelessness puts all of us in danger.

Thank you.
Bob Hendriks
Resident

CUTTING SUGAR CANE in a field close to the province of Pinar del Rio.

Nutrition notes

By Shelley Miller-Hertes, RD
Elk Point Health Centre

Lactose intolerance is most common in adults from Africa, Asia, the Orient, or Native North America. It is less common in children. It is caused by the digestive system's inability to break down the milk sugar (lactose) in milk and milk products.

Symptoms of lactose intolerance may include stomach bloating, cramps, diarrhea and/or gas. Treatment consists of restricting intake of foods containing lactose. You should not give up milk and milk products entirely, you need the nutrients from milk and milk products in your diet.

Here are some helpful tips:

- * Drink small amounts (eg.

1/2 cup) of milk several times a day, instead of 1 or 2 big glasses a day.

- * Drink milk with other foods, not on an empty stomach.

- * Products like yogurt, cheese and ice cream may be better tolerated than milk.

- * Check the dairy section of your grocery store for lactose-reduced milks, such as Lacteeze or Lactaid. They are processed so the lactose is already broken down, thus making the milk easy to digest.

- * Tablets or drops are also available to help digest the sugar in milk and milk products. The tablets are eaten before taking any milk, and the drops are added to milk 24 hours before drinking. Tablets

and drops are usually available at a drugstore.

- * Fermented milk products, such as yogurt or buttermilk, are tolerated better than non-fermented ones. This is because the lactose is partially broken down by bacterial enzymes.

- * Natural cheeses which have been aged also contain very little lactose, and are often better tolerated than processed cheese.

If your intake of milk and milk products is severely restricted, calcium and vitamin D supplementation may be necessary.

For more information on lactose intolerance contact your local dietician at the Health Centre.

What's news at the library?

The Storytime gang gets our garden growing

By Michele Ducek
Librarian

We really got into the spirit of the season last week at Storytime when the kids had the opportunity to plant a whole variety of bulbs in the flowerbed running along the side of the library. If everything comes up we should have a very colorful display in the summer, so don't forget to come by and check out the garden's progress.

We're also getting the library ready for the summer reading program. Our summer reading program coordinator,

Melissa Easthope, has come up with a striking bulletin board display and has some great ideas for the windows as well. Yet another reason to check out the library.

If that is not enough incentive, we also have a raft of new titles for you to check out including these in adult fiction:

Fran Benedetto flees an abusive marriage with her ten-year-old son and starts to make a new life for herself, almost believing that her husband will not find her in **Black and Blue** by Anna Quindlen. An Oprah Book Club selection.

Fourteen-year-old Peek and

his mother, known as Lou, stow away on a ship heading north to the Klondike. When they are discovered, they join forces with Benjamin Redd and the trio makes their way to the gold fields, with plenty of adventures along the way in **The Man from the Creeks** by Robert Kroetsch.

Country singer Ricky Savage's career is taking off just as his personal life falls apart and his sister-in-law Sharon McCone joins his tour to track down a stalker in **The Broken Promise Land** by Marcia Muller.

The latest in adult nonfic-

tion:

Signature Killers by Robert D. Keppel, Ph.D. explores in unflinching detail the monstrous patterns, sadistic compulsions and depraved motives of serial killers from the Lonely Hearts killer of the 1950s through to Ted Bundy, Jeffrey Dahmer and John Wayne Gacy.

And for the younger set:

When Lisa gets hurt falling from a horse on a strange trail, she must rely on the horse to keep her safe until help arrives in **Horse Care** from the Saddle Club.

Weird stuff is happening in

the neighborhood but no one seems to believe Jack when he says that "visitors" are about to arrive in **Invasion of the Body Squeezers, Part I** from Goosebumps Series 2000.

Elizabeth is trying to gently break up with longtime boyfriend Todd Wilkins, in order to go out with Devon Whitelaw, but the more she tries, the harder Todd holds on to their relationship in **Elizabeth is Mine** from Sweet Valley High.

LIBRARY CALENDAR

Fridays, 10:30 a.m. — Storytime. Everyone welcome.

COMMUNITY NEWSLINE

Many Albertans gamble as a form of recreation. For a small minority, however, gambling becomes a problem. If you or someone you know is experiencing personal, social or financial problems as a result of their gambling, confidential help is available. Call 1-800-665-9676.

Palliative Care hosts Studying in Cuba

Elk Point Health Centre's Palliative Care group hosted their second annual memorial service and tea last Thursday, with candles lighted in memory of 25 former patients and four other loved ones who have passed away in the last year.

Rev. Paulette Philips offered an opening prayer, followed by Pastor Jim MacLellan with a scripture reading. Rev. Philips led the congregation in prayers for the faithful, and Rev. Sam Donaldson gave a short but inspiring message assuring all that their loved ones are at rest, and that they can also rest from worry and fret about those who have passed on. Rosalie Linkewich read a touching poem honoring her mother.

Pam Ballas read the names of each person being remembered, as a loved one or friend lit a candle. Candles were lighted for Fred Lorenson, Margaret Lyttle, Gail Bendixen, John Rosychuk, Edward Gladue, Harry Dumont, Victoria Fayant, Mary Soldan, Sophie

Mohyluk, George Deschamps, David Mason, Henry Lorenson, Stella Linkewich, Grace Franks, Cameron Isert, Harold Carpenter, Tillie Shymkiw, Frank Stone, Wayne Gervais, John Cross, Domka Zacharuk, Alice Tollifson, Ila Borowski, Robert Aulotte and Gladys Drobot, all of whom had been patients at the Health Centre, and for Jenny Ziomek, Ross Durocher and Ann Rosychuk.

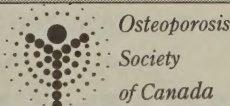

MONETA, Paul

In loving memory of Dear Husband, Father, Grandfather, who passed away May 19, 1997.

*There is a bridge of memories
From here to heaven above
That keeps you very close to us
It's called a bridge of Love.
As time goes by without you
The days now make one year
They hold a million memories
And a thousand silent tears.*

Forever loved and always in our hearts, wife Leona, children: Gail Ann, Don and grandchildren.

THANKSGIVING NOVENA to St. Jude. O Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return I promise to make your name known and cause you to be invoked. St. Jude pray for us and all who invoke your aid. Amen. Say three Our Fathers, three Hail Marys and Glorias. Publication must be promised. This Novena has never been known to fail. I have had my request granted publication promised.

PUBLIC NOTICE

Robertson Construction Ltd.
ENVIRONMENTAL PROTECTION AND
ENHANCEMENT ACT
NOTICE OF APPLICATION

Robertson Construction Ltd. has applied under the Environmental Protection and Enhancement Act, for a renewal of an existing approval for the continued operation and reclamation of a sand and gravel pit. The operation is located at SW of Section 36 Township 56 Range 7 W4M (in the Elk Point area).

This Application is for the reclamation of the disturbance to 22 acres. This site has been reclaimed to pasture.

Pursuant to Section 70 of the Environmental Protection and Enhancement Act, any person who is directly affected by this operation may submit a written "statement of concern" regarding this application. Failure to file a statement of concern may affect the right to file a Notice of Objection (on appeal) with the Environmental Appeal Board. Such a statement of concern must be submitted to:

Director of Land Reclamation
Department of Environmental Protection
Regulatory Approvals Centre
Main Floor, 9820-106 Street
Edmonton, Alberta T5K 2J6

within 30 days of the date of this notice. Please quote Application No. 001-15337 when submitting a statement of concern. Note, any statement filed regarding this application are public records which are accessible by the public.

Issues relating to land use compatibility, hours of operation, haul routes and vehicle traffic are not within the jurisdiction of Alberta Environmental Protection.

Copies of the application can be obtained from Robertson Construction Ltd., Attention: Bruce Robertson, Box 4280, Edmonton, Alberta, T6E 4T3, Tel. 438-2303, Fax: 435-8958.
